Ronald Hewett (Like to be referred to as Ron)

I am semi-retired teacher and have lived in the Parish for more than fourteen years.

During my time within the Parish I completed my time as a Councillor for Medway Council serving as Chairman of the Education and Life Long Learning Scrutiny Committee. Where I was in post for some four years. My total service time for Medway amounted to seven years.

During my early years within the Parish I then served as a Councillor on the Burwash Parish Council for seven years, when I supported other members to achieve the recent reduction of the speed limit through the parish with a successful outcome.

Whilst serving on both Councils I very much appreciated the views of other people, bearing in mind that the decisions we arrive at must be supported by as many as feel able; therefore listening and sharing is one of the many strengths that I think I possess.

My approach to being a member of the council is to give back some time in serving the local community and supporting other members in trying to make a difference for all.

I wish to be considered for the current vacancy that has occurred recently, now that I have more time available following my semi-retirement
